## Package Supply Corporation Special Offer for Subscribers

Package Supply Corporation is proud to announce the addition of the latest STATE OF THE ART steam traps, the Armstrong 890!

### SAVING YOU THOUSANDS IN OIL BILLS! ! !

A brand new ARMSTRONG 890 Steam Trap from Package Supply Corporation is less expensive than a rebuild kit at ONLY

Why be concerned about steam traps?

- Because you could be throwing thousands of dollars a year up your chimney!
- In just two simple steps we can help you identify a potentially costly problem.
- 1) Is the visible steam coming out of your vent tube from your boiler to the outside? (check this at least once a week)
- 2) If so you should check each trap. There are numerous ways to do this, the easiest is simply take an old broom handle, place one end on top of the trap and the other against your ear. You should hear a constant tapping, if not, that trap needs to be replaced or repaired. (check this at least once a month regardless if there is steam venting or not)

**Our Price:** \$46.99 for 1 to \$42.95 for 4+

Just one of the many challenges the sales team and staff at Package Supply Corporation can assist you with. Helping our customers profitability helps ours!
